

## Importing QMMS milk recording results:

### UNIFORM-AGRI software

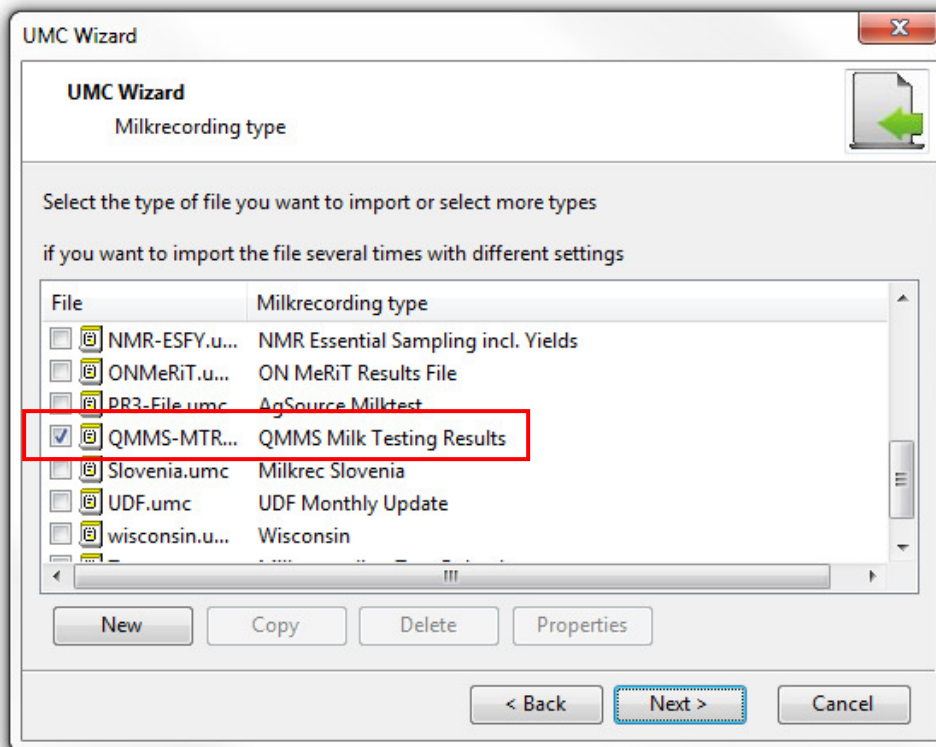

1. Save your 'Results.csv' file to your PC or memory stick from the email sent to you notifying you of your results
2. Open your UNIFORM database and click on the management icon
3. Select 'Links' (see below)

4. Select 'Monthly Disk Update' (see below)

5. Ensure 'QMMS' is selected from the UMC wizard menu (below) and click 'Next'

6. Navigate to the 'Results.csv' file using the new window that opens when you have saved the results onto your PC (e.g. onto your desktop or in your Downloads folder) or onto a memory stick and click on 'Finish' (see below)
