

Downloading data from Uniform

Uniform allows you to export a .dat data file for import into TotalVet.

1. Click on the cow's head on the left toolbar, then click 'Links'

2. Select either 'Export Bradley'
 - Export Bradley files contain all historical data and are generally larger
3. Select 'Properties' and ensure that all boxes are ticked

4. Click 'Make file' and save into a known location – this will save a data file in a zipped folder
5. Email this zipped folder to milkrecording@qmms.co.uk
